With Sally

Valentines made of paper and lace always did seem to us like a frail way of expressing devotion.

If you're going to send your heart to some one, why not send it in something more substantial, like say a sack of Idaho gems from Milo's Market? Then if your heart is scorned, at least the potatoes will be appreciated.

Or so it seems to us.

"Cupid's arrow is made of gold," said the Editor, beaming. "Give it the works Sally—you know, love, roses, moonlight . . . "

Hmmm . . . mmm Maybe. But the little half-god is blind—and the Editor is a great deal more romantic than we are—and this typewriter was never made for moonlight. Besides, we don't believe in moonlight, anyway—it gives people colds.

So here are our own Sally Specials in Original, Convincing and Up-To-Date Valentines—now going at Bargain Prices! Try them out and see if they don't work! Give Cupid a break!

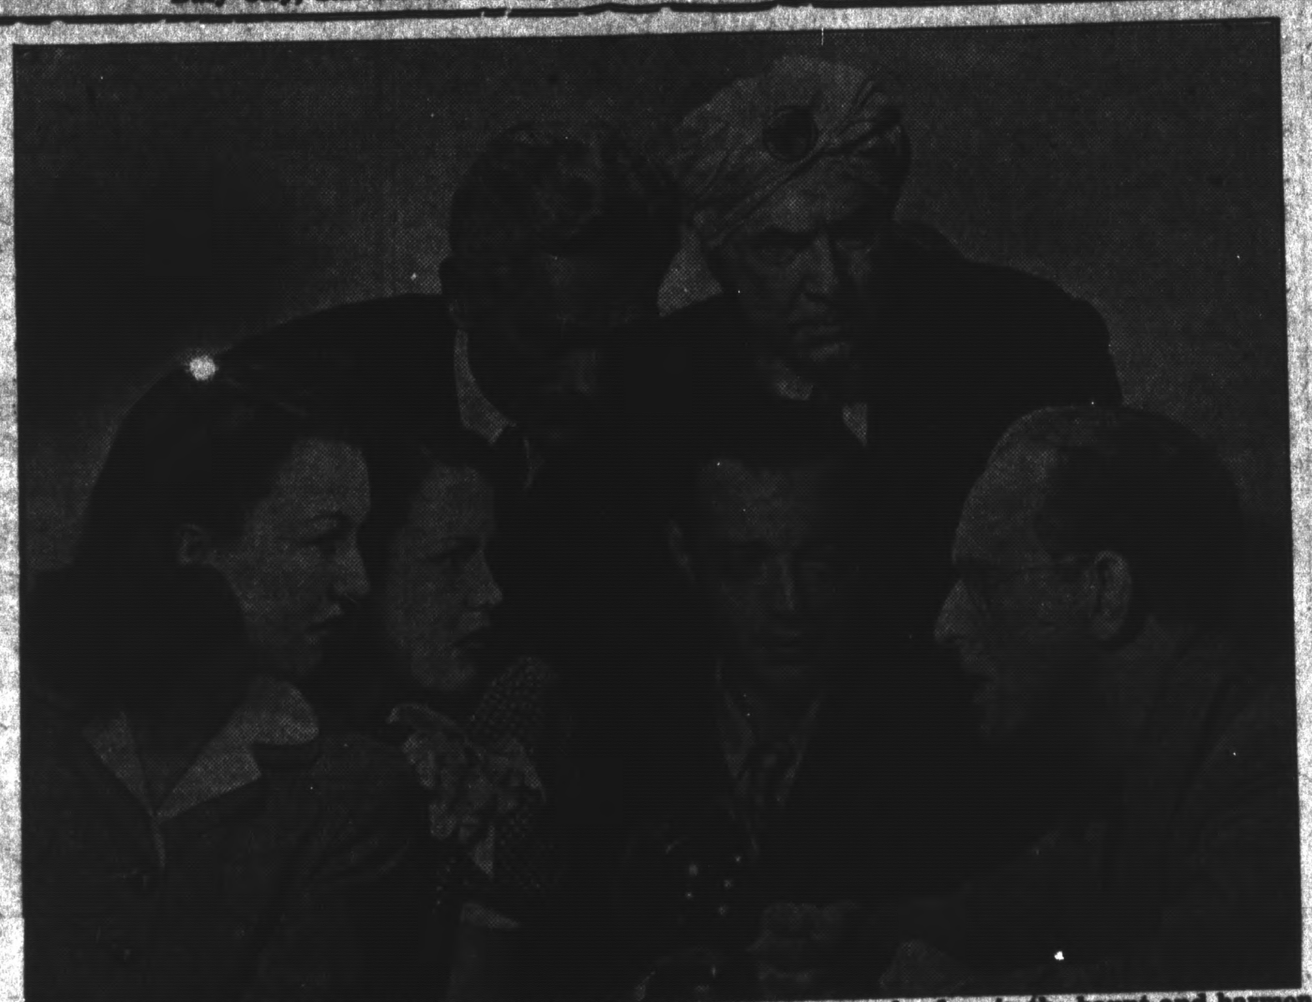

Such as—a ticket to the big double bill at Daly City theatre tonight, "Scarface" and "Sky Devils" (guaranteed to take those sissy kinks out of Cupid's curls) —a couple of modern dance records from Byrne Radio Store—a man-sized steak from Farmers Market - - -

A gay set of Ferry's dated flower and vegetable seeds from Westlake Market—new car reflectors from Mather Brothers—a box of crispy Italian cookies from Geneva Bakery - - -

Or if Cupid must write verses—a new little desk from Metropolitan Appliance—a bottle of mellow sherry from Lucca Ravioli company—a pair of comfortable slippers from Bosco's Shoe Store—and a rose-colored cushion freshly cleaned by Beeson's - - -

While he's all outfitted in such a comfortable state, better take his picture. Big enough for the

WHODUNIT? ASKS KAY KYSER — "You'll Find Out" as soon as he does in the haunt and harmony, spook and swing mystery melodyrama of that title in which, as pictured above, Ginny Simms, Helen Parrish, Boris Karloff, Peter Lorre and Bela Lugosi gather 'round Kay Kyser to provide trills and thrills. It's band leader Kyser's second starring picture and a genuine screen novelty produced and directed by David Butler with music by James McHugh and John Mercer, for RKO Radio release. It will be showing at the Daly City theatre, Sunday, Monday and Tuesday.

Baked Pepper Pot Mold —a delicately spicy luncheon party dish

Dorothy Greig

"GRANNIE once remarked, "To gather fame as a cook, serve dishes that are just a wee bit unusual, enough to arouse interest, but not so unusual folks are suspicious of them."

I think if Grannie had ever met my Baked Pepper Pot Mold she would have promptly added it to her "wee bit unusuals". It is of a light spongy texture with an unexpected delicate spiciness of flavor.

I like to make it in a ring mold and pile the center high with fresh green brussels sprouts and surround it with buttered whole cooked carrots. It's one of the dishes I save to serve as the main hot dish at luncheons, although it makes an appetizing Sunday supper dish, too.

2 eggs
1 can condensed pepper pot soup
1 cup milk
1 tablespoon pimiento, diced
2 cups bread, cubed

Beat the eggs slightly and to them add the condensed pepper pot soup. Then add the milk, diced pimiento, and bread cubes (made from bread at least one day old). Pour mixture into a greased ring mold (about 7 inches in diameter) and let stand for 15 minutes. Bake in a moderate oven (350° F.) for 35-45 minutes or until firm. Unmold on a hot platter or chop plate. Fill the center with buttered brussels sprouts, garnish with whole-cooked buttered carrots, strips of pimiento and parsley. Green peas may be used for center, instead of brussels sprouts if desired.

Beefsteak Is Favorite Dish

A survey of restaurants disclosed that beefsteak is the favorite dish in the United States, with corned beef and cabbage second.

WHITE AND GOLD for the height of elegance is combined in this empire-styled formal gown worn by Columbia network actress Ire-- Winston of the "When a G..l Marries" program. The deep "V" of gold lame in the skirt adds inches to the shorter girl, and the sunburst gathers at the smooth midriff waist give a bodice fullness. (Jay Thorpe Original.)

*HAVE A HEART*_for your Valentine Party!

Dainty Cherry Crispies win *all* hearts

• What's more appropriate for a party honoring the *Saint of Hearts* than these tantalizing little *heart-shaped* cookies? Their crispy daintiness adds a note of perfection to afternoon tea—or to *any* party!

Full of Luscious Flavor

Maraschino cherries in the batter add color and a delicious, different flavor to these cookies—so crisp and wafer-thin! Don't let ordinary shortening "smother" all this grand flavor. Use a pure vegetable shortening like Spry, so bland that all the maraschino-almond blend comes through full-flavored.

Make Valentine Cherry Crispies *once* and you'll put this clipping among your *choice* recipes.

Valentine Cherry Crispies

½ cup Spry
1½ teaspoons salt
½ teaspoon vanilla
¼ teaspoon almond extract
1 cup sugar
1 egg, unbeaten
1 teaspoon baking powder
1¼ cups sifted flour
¾ cup maraschino cherries, drained and chopped
1 tablespoon water

Blend Spry, salt, vanilla and almond extract. Add sugar gradually and cream well. Reserving ½ of egg white for glaze, add remainder of egg to creamed mixture and beat well.

Sift baking powder with flour. Add to creamed mixture. Add cherries and blend.

Roll small amounts of dough ¼-inch thick on floured board and cut with 2-inch heart-shaped cutter. Place on Spry-greased baking sheet. Blend water with reserved egg white and brush each cookie with mixture. Bake in moderate oven (375°F.) about 8 minutes. Let cookies stand 3 minutes before removing from baking sheet. Makes 5½ dozen.

(All measurements in recipe are level)

German Riviera

Don't let a quiz fan catch you on this one: Where is the German Riviera? Travelers say it is at Honnef, not far from Bonn, on the Rhine. It has the best climate in Germany and enjoys spring two weeks earlier than elsewhere in the country.

Stockings for a Queen

Weaving is one of the oldest arts, but knitting was not discovered until about 1400. Some 200 years later, Rev. William Lee of Nottingham, England, invented a knitting machine. He knit a pair of stockings for Queen Elizabeth but she was reported as disappointed because they were coarse. Rev. Lee then perfected a new machine, and knit the queen a pair of silk stockings.

Valuable Copper Sludge

Precious metals are recovered from the sludge of copper refineries, says Industrial and Engineering Chemistry. Cadmium is a by-product of zinc smelting. Selenium, now widely used in making ruby-colored glass, was once a waste of copper refineries, and antimonial lead is produced by working up the scum from softening furnaces in lead refining.

Interesting Manuscript

What is called "the most interesting MS. in England" can be seen by visitors in the Library of Corpus Christi college at Cambridge. It is the copy of the Gospels which Pope Gregory sent with Augustin when he made his first missionary journey to convert the English to Christianity in the year 597.

Time out for HOT SOUP

...and on cold winter days let soups be hearty and sustaining

says Dorothy Greig

STAMPING in after a morning's skiing, or a whirl on the ice, or even just from a workaday bout with cold and wind, it's cheery to sit down to a bowl of hot soup.

Its comforting warmth steals down to your very toes, reviving energies and appeasing zero-sharpened appetite.

Stout, substantial soups truly give something to "come and go on" when the winds blow cold. And today, thanks be, hearty soups are a matter of minutes only to prepare. They come out of cans to be heated in short order.

One thing I like to do is combine one soup with another. It's a wonderful way to get soups that are extra thick and nourishing. Also, such soups are individual and different. For instance, here are some that are especially savory to serve in wintry weather:

Frost Bite Chaser

1 can condensed clam chowder
1 can condensed chicken gumbo soup
2 cans milk (using soup can for measure)

Empty the clam chowder into a sauce pan and to it add the chicken gumbo soup. Then stir in 2 cans of milk. Heat to boiling point, but do not boil. Serves 5-7.

Skier's Warmer-Up

1 can condensed bean-with-bacon soup
1 can condensed pea soup
1 can water
1 can milk
1 frankfurter, sliced

Combine the bean-with-bacon soup and the pea soup. Stir in the water gradually and then add the can of milk (using the soup can for a measure). Heat to the boiling point, but do not boil. Sauté the frankfurter slices in a little butter and use as garnish. Serves 5-7.

Ole Man Winter Soup

1 can condensed pea soup
1 can condensed pepper pot
2 cans of water

Combine the pepper pot and pea soups. Then add the 2 cans of water, using the soup can for a measure. Heat and simmer for 3 minutes. Serves 5-7.

Toboggan Slide Bisque

1 can condensed tomato soup
1 can condensed celery soup
1 can milk, using soup can for measure

Combine the tomato and celery soups. Then add 1 can of milk, using the soup can for a measure. Heat, but do not boil. Serves 4-5.

Skater's Whirl

1 can condensed Scotch broth
1 can condensed tomato soup
1 can condensed pea soup
2 cans water

To the pea soup add the can of tomato soup stirring constantly. Then add 1 can of Scotch broth. Stir in 2 cans of water (using soup can for a measure). Serves 7-9.

Old Hatteras Lighthouse

Old Hatteras lighthouse, off the Atlantic coast of the United States, was built one mile from high water in 1870, but now the tides come within a few yards of the base.

Eyes Must Be Stationary

When the eyes are in motion they cannot see. They have to be stationary to carry on their work.

Largest Underground Canal

The world's largest underground canal flows from the port of Marseilles in France to the Port de Bouc, and is 4½ miles long, and has a width of 72 feet.

CCC Extended to 1943

Congress has extended the Civilian Conservation corps to June 30, 1943.

Hull Fishermen

Between 50 and 60 thousand persons depend on fishing for their livelihood in Hull, England's greatest fishing port.

Road Maintenance

North Carolina has 60,000 miles of roads under state maintenance—more than any other state in the Union.

American Decoration

American visitors to the ex-Kaiser's palace at Potsdam are not only reminded by the guide that an American President once dined there, but are shown the famous Shell room whose walls and ceiling are studded with semi-precious stones, and an agate-looking slab which he describes as, "petrified wood from your own country, from a petrified forest in Arizona."

Auctioneer Is Boss

American courts have held that an auctioneer is not compelled to accept the highest bid, according to Collier's. In a Minnesota case, a house was sold to the first bidder for $675 after the second and only other bidder had offered $680. The auctioneer refused to consider such a trifling increase. So the second bidder sued but lost his case on the ground that no contract exists until the offer to purchase is accepted by the auctioneer.

Buddha's Eyeglasses

According to Collier's, Buddha, the founder of the world's great religions, is the most sacred personage ever depicted in a statue wearing eyeglasses.

Canadian Sport Fishing

Remarkable progress in the development and extension of sport fishing areas in the national parks of Canada is reported by the department of mines and resources, Ottawa, which administers Canada's system of national parks. As a result of biological surveys and subsequent stocking operations in the various lakes and streams, particularly waters once barren of fish, visiting anglers may now enjoy good fishing in many waters where previously there was little or no fishing available. One of the outstanding achievements has been the successful introduction of the speckled trout from its native haunts in eastern Canada into many of the clear, cold waters of the national parks in the Rockies.

House Fly Massacre

Pupils of the ninth grade at Tiffin, Ohio, told that every housefly killed now means millions less later in the season, killed 8,226 of the insects in one week. They computed that their victims would have been ancestors of 49,336,000,000,000,000 burning, disease-breeding descendants by next fall.

Polar FROSTED Foods

Here's Another Reason Why They're Tops - Cook In LESS TIME . . . . .

Polar frosted vegetables are cooked the same as fresh vegetables except that a smaller amount of water is required and they take only about half the time to cook. Just place the contents of the Polar package in boiling water. Wait until the water comes to a second boil, then cook until tender. This feature of Polar Frosted Foods makes them doubly popular when time is precious. The time saved in cooking, too, means smaller fuel bills.
